

Amazzar Kaoutar

Software Engineer

📍 Casablanca, Morocco 📞 +212 684-175-510 ✉ amazzar.consult@gamil.com 🌐 amazzar kaoutar 🔄 AmazzarK

Professional Summary

Full-stack developer with 6+ years of experience in building scalable web applications, AI integration, and Web3 development. Developed and deployed 15+ production applications with measurable performance improvements. Led development teams of 5+ members and improved application performance by up to 40%

Professional Experience

0 Technological Development Trainer for Young People 2022–Present
Marcel Arnaud, Casablanca, Morocco

- Facilitated workshops and mentored 200+ young developers in robotics, AI, machine learning, and Python programming
- Designed 20+ practical projects that improved student engagement and critical thinking skills by 35%
- Developed comprehensive training curriculum covering advanced topics in computer vision and neural networks

Full Stack JavaScript Developer Aug 2020–Dec 2022
AZ SMART SARL, Casablanca, Morocco

- Developed 8+ full-stack web applications using React.js, Angular, Node.js, and MongoDB with REST APIs
- Optimized application performance by 30% through code optimization and database indexing strategies
- Integrated 15+ third-party services and APIs, improving system functionality and user experience
- Led a team of 3 developers in delivering complex projects with 95% on-time completion rate

Data Analyst & Developer Intern (PFE) Mar 2020–Jul 2020
Ministry of National Education, Morocco

- Analyzed and processed non-relational educational data covering 25% of national statistics
- Developed interactive R-Shiny dashboard with dynamic visualizations (PCA, maps, statistical analysis)
- Built complete data preparation pipeline handling data cleaning, normalization, and feature engineering
- Applied statistical models that supported ministerial decision-making with 90% accuracy rate

Web Developer Mar 2017–May 2017
Atlantic Machinery Manufacturing, Casablanca, Morocco

- Customized and optimized WordPress sites using HTML, CSS, and JavaScript
- Developed custom plugins and managed MySQL databases for enhanced functionality
- Improved website loading speed by 40% through optimization techniques

Web Developer Feb 2017–May 2017
Webcom, Casablanca, Morocco

- Created and technically optimized websites for 4+ clients including CBL Law Firm, Riad Slawi, Seprosi, Sedric

- Implemented responsive designs using PHP, Laravel, Bootstrap, and CSS frameworks
- Reduced client website maintenance costs by 30% through efficient coding practices

Projects

FireVision – Real-time AI Fire Detection System May 2025

- **Tech Stack:** Python, FastAPI, YOLOv5 (CNN), OpenCV, React Native, Firebase, Docker
- Designed computer vision model using CNN (YOLOv5) achieving 95% accuracy in fire/smoke detection
- Developed FastAPI backend processing video streams with real-time predictions (200ms response time)
- Integrated React Native mobile app sending immediate push notifications to 500+ users
- Deployed scalable backend solution handling 1000+ concurrent video streams

AREFcasa – Educational Data Visualization Platform Jun 2020

- **Tech Stack:** R, R Shiny, ggplot2, leaflet, dplyr, XML, DT, shinyjs, openxlsx
- Processed large volume of regional educational XML data into structured datasets
- Developed interactive R Shiny dashboard with geographic visualization and statistical analysis modules
- Implemented multilingual UTF-8 interface serving 100+ education professionals
- Created decision-making tool that improved regional education policy planning efficiency by 40%

Education

Hassan II University, Faculty of Sciences Ain Chock Casablanca
Professional Degree in Statistical Modelling & Computer Science 2019–2020

Hassan II University, Faculty of Sciences Ain Chock Casablanca
Professional University Studies Diploma, Statistical Modelling & Computer Science 2018–2019

Specialized Institute of Applied Technology NTIC-OFPPT Casablanca
Specialized Technician, IT Development 2014–2016

Salah Eddine El Ayoubi High School, Casablanca
Scientific Baccalaureate, Physical Sciences option 2012–2013

Certifications & MOOCs

- **AWS Cloud Computing – ALX AFRICA** (10 months) Sept 2025–Present
- **Mastering AI Career Essentials** (8 weeks) – ALX Africa In Progress
- **The Complete Web Development Bootcamp** (62 hours) – Udemy Mar–Apr 2024
- **Entrepreneurship & Management Skills** – bbw gGmbH Bayern Jan 2024
- **Creating Dashboards with shinydashboard** – DataCamp May 2020

Technical Skills

- **Programming Languages:** JavaScript, Python, PHP, R, C#, SQL, HTML5, CSS3
- **Frontend Development:** React.js , React Native, tailwind css ,nextJS
- **Backend Development:** Node.js, FastAPI, Symfony, Laravel, Express.js
- **Database Technologies:** MongoDB, MySQL, SQL Server, Firebase , PostgreSQL

- **AI/ML Technologies:** YOLOv5, OpenCV, Computer Vision, Neural Networks, Statistical Modeling
- **Data Analysis:** R Shiny, ggplot2, PCA, Statistical Testing, IBM SPSS, Data Visualization
- **DevOps & Tools:** Docker, Git, REST APIs, XML Processing, Data Pipelines
- **Web3 & Cloud:** AWS Cloud Computing, Smart Contracts

Volunteer Experience

Founder & Head of Community

Jun 2025–Present

DevMinds Morocco Community

- Founded and currently lead a community of 1200+ software engineers fostering collaboration and knowledge sharing
- Organized 10+ tech workshops and hackathons with 85% participant satisfaction rate
- Established partnerships with 5+ tech clubs for community initiatives and career development

Languages

- **Arabic:** Native
- **French:** Fluent
- **English:** Professional Proficiency
- **German:** Intermediate
